Connecting the Phone

The following illustration shows how to connect the Line Jack of Analog phone.

AGR-6109-S

The following illustration shows how to install the phone and stand.

3 Operations

Answering a Call

An incoming call is indicated by a ringing tone and a flashing indicator at the top of both handset and base units. You can answer the call by doing one of the followings:

- Pick up the **handset** to answer the call.
- Press the **Speaker** key on the base to answer the call.

Making a Call

Dialing with the Keypad

- Enter the telephone number with the alphanumerical keypad and the call will start automatically.

Using the Speed dial keys

You can use the 9 pre-assigned speed dial hotkeys, to configure the most commonly dialed numbers. Use the function to dial a number quickly, instead of keying in a complete number.

To call a number using speed dialing, follow the steps below:

- Press the speed dial hotkey that has been pre-assigned to the phone number and the call will start automatically.

Using the Speaker Phone

For hands free operation, you can use the built-in speaker to talk on the phone. To use the speakerphone, follow the steps below:

- While talking on the phone, press the **SPEAKER** key on the phone to enable the Speakerphone function.
- Press Speaker key again to terminate the call.

Checking Voice Messages

If the **message waiting indicator** at top of handset or base unit lights up in red, it indicates that there are one or more new messages in voicemail box.

- Call Hotel services to retrieve voice messages.
