3. Operations

Answering a Call

An incoming call is indicated by a ringing tone. You can answer the call by doing one of the followings:

- Press the **Dial** key on the handset to answer the call.

Making a Call

Press **Dial** key  for numerical keypad.

- Press to enter the telephone number with green dial key  to make a call..

Using the service function

To use the pre-assigned service function for the most commonly dialed numbers. Use the function to dial a number quickly, instead of keying in a complete number.

- Press **Service** key. 
- Tap the icon to call desired service.

Using the Speaker Phone

- While talking on the phone, press the **SPEAKER** key  on the phone fo hands free conversation.

Charging the Handset Battery

You would need to charge the handset battery before using the handset.

- Install the battery into the handset.
- Place the handset onto the base unit and base unit will start to charge the handset automatically.
- This icon  will show charging progress.
